D7.7 Public Events

Actual submission date: 2012-05-20

Work package 7 – Exploitation Task 7.4 Summer School, Public Events & Education

Lead contractor for this deliverable AU

Dissemination level: public

EXECUTIVE SUMMARY

Throughout the PRoVisG project the partners have disseminated the project results via a number of public events. A large number of dissemination methods have been used with great success throughout the project. These include public lectures to both specialist and non-specialist audiences, newspaper articles and television appearances, and web-based activities including podcasts. This document presents a list of these events for each partner, and shows a few selected highlights to demonstrate the diversity of the events undertaken.
